## THE LEGISLATURE.

THE SENATE EXPERIENCES A CHANGE OF HEART.

All Matters Relating to Pensions and Permanent Settlements Deferred to the Next Legislature.

TWENTY-THIRD DAY, JULY 11TH.

### THE SENATE.

The Senate was called to order at 10 o'clock this morning, president Wilder in the chair. Roll called and minutes of yesterday read and approved.

A communication was received from the House stating that Senate Joint Resolution relating to the commission on the Pali road had been adopted. Also that Act No 11 fixing the terms of the Circuit Courts had passed its third reading.

Act No 6 appropriating \$58,600 for permanent settlements, together with Senator McCandless' amendment inserting an annual pension of \$5000 for the family of Chas. L. Carter, came up on the regular order of the day.

Senator Horner moved an amendment that all matters relative to pensions and permanent settlements be deferred to the regular session. The first vote was 5 for and 5 against, the second vote showed 7 for and 7 against, and the chair voted in the affirmative.

The amendment was then carried. Those voting for the amendment were Senators Baldwin, Hocking, Horner, Northrop, McCandless, Wright and Lyman.

The chair stated that the amendment struck out the Kaiulani item of \$4000. Senator Brown appealed from the decision of the chair. The chair was sustained by a vote of 7 to 7.

The Attorney-General moved to amend Section 1 by making the amount \$54,600 instead of \$58,600. Carried.

The bill as amended passed its third reading by the following vote:

Ayes—Lyman, Northrop, Notley, Hocking, Baldwin, Horner, McCandless, Schmidt, 8.

Noes—Kauhane, Brown, Waterhouse, Wright, Rice, Wilcox.

Senator Waterhouse's joint resolution regarding the liquor traffic then came up.

Senator Brown argued that the passage of the resolution was a mere waste of time.

Senator Waterhouse said it was brought in the interest of the majority of the community and that it was not intended to bring up any prohibition laws.

Sen. Baldwin said that the correction of the evil complained of must begin in the homes of the community. He was in favor of the resolution on the ground that if it did not accomplish any good it would cost nothing and do no harm. The resolution was adopted.

The Attorney-General introduced his act to encourage the cultivation of canisgre and other fibrous plants.

The bill exempts everything connected with the cultivation of the plants, the crops, mills, etc., from taxation for ten years.

The Minister of Finance gave notice that he would introduce a bill regarding a Labor Commission.

Under suspension of the rules Senator McCandless presented the report of the Military Committee on the military bill. Tabled to be considered with the bill, which comes up tomorrow on the regular order.

House bill 4, known as the currency bill, came up on its third reading.

Minister Damon made a verbal statement of the present actual financial condition of the country which received marked attention from the Senate. From his statement it would appear that on the 1st of July of last year, the country owed \$3,526,000 in bonded and interest-bearing indebtedness, together with the bills for April, May and June previously amounting to \$59,000, making a total of \$3,585,000. On the first of July of this year the bonded indebtedness was \$3,738,000, an increase of \$211,000; the unpaid bills for March, April, May and June amounted to \$117,000, making the gross indebtedness \$3,855,000 or \$270,000 more than it was a year ago. Of this last amount \$211,000 is bonded indebtedness. The cash on hand on current account this year is \$121,000 as against over \$230,000 last year. Eighty thousand dollars of Postmaster-General's notes have been paid off during the year and the deposits have increased \$21,000 over withdrawals during the same period.

On motion the bill was referred to a Special Committee consisting of Senators Brown, Baldwin and Wilcox.

The Attorney-General offered a resolution that the matter of the compensation of the Labor Commission be referred to the Finance Committee.

Senator Waterhouse moved to amend by referring to the Committee on Commerce and Agriculture. The amendment was lost. The resolution then passed as offered.

On motion Senate bill No. 8, appropriating \$102,728 80 for supplementary appropriations was taken up for the third reading.

Senator Lyman moved that an item be inserted appropriating \$1800 for telephonic communication between Pohoiki courthouse and Hilo.

Senator Waterhouse moved the matter be deferred to the next session. Carried.

The bill passed its third reading by a vote of 13 to 1, Senator Brown voting no.

The Senate on motion then took up the military bill. A discussion at once ensued over the first section which provides that the band shall be made a part of the military organization.

Senator Brown moved that the item concerning the band be stricken out and argued that the band should be left as it now is under the control of the Minister of Foreign Affairs. The Attorney-General supported the amendment which was carried.

The second amendment, which was offered by the Military Committee, takes the sharpshooters out of the military organization but entitles them to all its immunities. Section 1 as passed provides that the National Guard of Hawaii shall consist of not less than six companies.

Section 2 states that the companies shall not be organized with less than 40 nor more than 103 of-ficers and men.

Section 13 allowing the commander-in-chief for good and sufficient reasons by and with the consent of the Executive Council to disband any portion of the National Guard, passed as in the bill. An amendment referring the matter to the advice of the Council of State was lost by a vote of 8 to 6.

Section 15 exempts officers and soldiers from the payment of poll-tax, school tax and road tax.  
Recess to 1:30 p m.

### THE REPRESENTATIVES.

After opening at 10 o'clock, the House received a message from the Senate announcing the third reading in that body of the House bill to grant an electric light franchise for the town of Hilo.

A message from the Senate announced the passage of the joint resolution relating to the question of land transfers and its reference to the committee on passed bills.

Mr. Winston reported from the commerce committee, recommending the passage of the bill to permit the withdrawal of kerosene oil from warehouse.

The same committee reported favorably on the Senate bill to prevent the wanton destruction of game.

Mr. Robertson reported from the judiciary committee, recommending the passage of the bill to provide right of way across the land of others.

Mr. Robertson propounded questions to the Minister of the Interior: 1. Has the Minister of the Interior received a petition from residents of Honolulu for the removal of the powder magazine? 2. If so, what action, if any, has been taken?

Order of the day brought up the bill to incorporate the Honolulu Electric Railway Company for third reading. It was agreed to read it through without stops excepting where an objection or remark might be made by a member.

There was a little talk over the third section, as to certain words in the Hawaiian version, which Interpreter Wilcox described as "little distinctions without any difference."

### AFTERNOON SESSION.

The Senate is engaged with the Military bill, during a discussion on which Senator Baldwin wanted to know if the bill was prepared for a despotic country like Russia or for the Republic of Hawaii.

The House completed the Electric Railroad bill and it has passed its third reading. It is engaged with the second reading of the alcohol bill as this paper goes to press.
